A

Acquired Immunodeficiency Syndrome

The effect of professional education on the knowledge and attitudes of physical therapist and occupational therapist students about acquired immunodeficiency syndrome. Balogun JA, Kaplan MT, Miller TM. 1998;78:1073–1082.

Ambulation Aids

Canes

Hip abductor muscle activity as subjects with hip prostheses walk with different methods of using a cane. Neumann DA. 1998;78:490–501.

American Physical Therapy Association

Awards. 1998;78:1013.

Bylaws. 1998;78:1131–1139.

Call for Nominations. 1998;78:1017.

Code of Ethics. 1998;78:107.

Elected and Appointed Groups. 1998;78:1014–1016.

Goals. 1998;78:1228.

Guide for Conduct of the Affiliate Member. 1998;78:112–113.

Guide for Professional Conduct. 1998;78:108–110.

In Tribute: Marilyn Gossman. 1998;78:322.

Judicial Committee Disciplinary Action. 1998;78:551.

Member Liaisons to External Organizations. 1998;78:1008.

Membership Qualifications. 1998;78:1141–1142.

Membership Rights. 1998;78:1140.

Membership Statistics. 1998;78:665.

The 1998 APTA Presidential Address: My dream is a wish. Richardson JK. 1998;78:1220–1223.

Nominees for APTA National Office—1998. 1998;78:337.

Report of the House of Delegates. 1998;78:1010.

Standards of Ethical Conduct for the Physical Therapist Assistant. 1998;78:112.

Standards of Practice for Physical Therapy. 1998;78:104–107.

Standing Rules. 1998;78:1143–1145.

The Twenty-Ninth Mary McMillan Lecture: Moving precisely? Or taking the path of least resistance? Sahrmann SA. 1998;78:1208–1218.

Amputations

Lower Extremity

Validity and reliability of measurements obtained with an "Activity Monitor" in people with and without a transtibial amputation. Bussmann HBJ, Reuvekamp PJ, Veltink PH, et al. 1998;78:989–998.

Arthritis

Osteoarthritis

Physical impairments and functional limitations: a comparison of individuals 1 year after total knee arthroplasty with control subjects. Walsh M, Woodhouse LJ, Thomas SG, Finch E. 1998;78:248–258.

B

Balance

Knowledge and perception of fall-related risk factors and fall-reduction techniques among community-dwelling elderly individuals. Braun BL. 1998;78:1261–1276.

Performance on clinical tests of balance in Parkinson's disease. Smithson F, Morris ME, Iansek R. 1998;78:577–592.

C

Cardiac

General

[Inspiratory muscle training in patients with chronic heart failure awaiting cardiac transplantation: results of a pilot clinical trial. Cahalin LP, Semigran MJ, Dec GW. 1997;77:830–838.]

- [Letter to the editor. Collins SM. 1997;77:1763.]
- [Author response. 1997;77:1764–1765.]
- Correction. 1998;78:220.

Multivariate examination of data from gait analysis of persons with stroke. Olney SJ, Griffin MP, McBride ID. 1998;78:814–828.

Cerebral Palsy

Evaluation

Comparison of two outcome measures for infants with cerebral palsy and infants with motor delays. Kolobe THA, Palisano RJ, Stratford PW. 1998;78:1062–1072.

General

Association between characteristics of locomotion and accomplishment of life habits in children with cerebral palsy. Lepage C, Noreau L, Bernard P-M. 1998;78:458–469.

Orthoses

[A comparison of gait with solid, dynamic, and no ankle-foot orthoses in children with spastic cerebral palsy. Radtka SA, Skinner SR, Dixon DM, Johanson MF. 1997;77:395–409.]

- Letter to the editor. Carmick J, Sherwood A. 1998;78:220–222.
- Correction. Radtka SA. 1998;78:222–224.

Community Health

Home health physical therapy: practice patterns in western New York. Collins J, Beissner KL, Krout JA. 1998;78:170–179.

Computers

The relationship between head and neck posture and VDT screen height in keyboard operators. Kietrys DM,

McClure PW, Fitzgerald GK. 1998;78:395–403.

Craniosacral Therapy

Simultaneous palpation of the craniosacral rate at the head and feet: intrarater and interrater reliability and rate comparisons. Rogers JS, Witt PL, Gross MT, et al. 1998;78:1175–1185.

D

Decision Making

Classification and low back pain: a review of the literature and critical analysis of selected systems. Riddle DL. 1998;78:708–737.

Classification of paraspinal muscle impairments by surface electromyography. Roy SH, Oddsson LIE. 1998;78:838–851.

Clinical reasoning in the evaluation and management of undiagnosed chronic hip pain in a young adult. Zimny NJ. 1998;78:63–73.

- Letter to the editor. Fagerson TL. 1998;78:436–437.
- Author response. 1998;78:438.

An examination of the selective tissue tension scheme, with evidence for the concept of a capsular pattern of the knee. Fritz JM, Delitto A, Erhard RE, Roman M. 1998;78:1046–1056.

- Invited commentary. Hayes KW. 1998;78:1057–1059.
- Author response. 1998;78:1060–1061.
- Correction. 1998;78:1339.

Reliability of physical examination items used for classification of patients with low back pain. Van Dillen LR, Sahrmann SA, Norton BJ, et al. 1998;78:979–988.

Use of a classification approach to the treatment of 3 patients with low back syndrome. Fritz JM. 1998;78:766–777.

Validation of a treatment-based classification system for individuals with facial neuromotor disorders. VanSwearingen JM, Brach JS. 1998;78:678–689.

Diagnosis

Classification and low back pain: a review of the literature and critical analysis of selected systems. Riddle DL. 1998;78:708–737.

Classification of paraspinal muscle impairments by surface electromyography. Roy SH, Oddsson LIE. 1998;78:838–851.

The influence of experience with a set of simulated patients on diagnosis of simulated patients not previously diagnosed. Norton BJ, Strube MJ. 1998;78:375–385.

Magnetic resonance imaging in low back pain: general principles and clinical issues. Beattie PF, Meyers SP. 1998;78:738–753.

E

Edema

Effects of electrical stimulation on edema formation in different strains of rats. Thornton RM, Mendel FC, Fish DR. 1998;78:386–394.

Treatment of leg edema and wounds in a patient with severe musculoskeletal injuries. Weiss JM. 1998;78:1104–1113.

- Letter to the editor. Feltman B. 1998; 78:1338–1339.
- Editor's response. 1998;78:1339.

Editor's Notes

Editor's note: An American original. Rothstein JM. 1998;78:246–247.

Editor's note: The curse of low back pain. Rothstein JM. 1998;78:676–677.

Editor's note: Disciples, demigods, and data. Rothstein JM. 1998;78:1044–1045.

Editor's note: Education at the crossroads: for today's practice, the DPT. Rothstein JM. 1998;78:358–360.

- Letter to the editor. Kuenstler K. 1998;78:780–781.
- Editor's response. 1998;78:781.
- Letter to the editor. Duquette TL. 1998;78:781–782.
- Letter to the editor. Magistro CM. 1998;78:782.
- Editor's response. 1998;78:782–783.
- Letter to the editor. Prendergast SA. 1998;78:905.
- Letter to the editor. Magistro CM. 1998;78:1119.
- Letter to the editor. Sanders B. 1998;78:1232–1233.

Editor's note: Education at the crossroads: Which path for the DPT? Rothstein JM. 1998;78:454–457.

- Letter to the editor. Kuenstler K. 1998;78:780–781.
- Editor's response. 1998;78:781.
- Letter to the editor. Duquette TL. 1998;78:781–782.
- Letter to the editor. Prendergast SA. 1998;78:905.
- Letter to the editor. Sanders B. 1998;78:1232–1233.

Editor's note: Individual differences, variability, and student research. Rothstein JM. 1998;78:564–565.

- Letter to the editor. Hughes C. 1998;78:905.

[Editor's note: It is *our* choice! Rothstein JM. 1997;77:800–801.]

- [Letter to the editor. Gasior B. 1997;77:1765.]
- Letter to the editor. Worley J. 1998;78:220.

Editor's note: "Magic apples." Rothstein JM. 1998;78:1164–1165.

Editor's note: Of weddings and baseball. Rothstein JM. 1998;78:932–933.

Editor's note: 100. Rothstein JM. 1998;78:7.

Editor's note: *P* fixation. Rothstein JM. 1998;78:126–127.

Editor's note: Review the Journal! Rothstein JM. 1998;78:1260–1261.

Editor's note: The role of dialogue and discussion. Rothstein JM. 1998;78:812–813.

Education: Physical Therapist

Accreditation

Letter to the editor. [RE: Program accreditation.] Sullivan B. 1998;78:1339.

Clinical Education

A comparison of productivity and learning outcome in individual and cooperative physical therapy clinical education models. Ladyshewsky RK, Barrie SC, Drake VM. 1998;78:1288–1298.

- Invited commentary. Sanders BS. 1998;78:1299–1300.
- Author response. 1998;78:1300–1301.

Personal, interpersonal, and organizational influences on student satisfaction with clinical education. Stith JS, Butterfield WH, Strube MJ, et al. 1998;78:635–645.

Professional

Editor's note: Education at the crossroads: for today's practice, the DPT. Rothstein JM. 1998;78:358–360.

- Letter to the editor. Kuenstler K. 1998;78:780–781.
- Editor's response. 1998;78:781.
- Letter to the editor. Duquette TL. 1998;78:781–782.
- Letter to the editor. Magistro CM. 1998;78:782.

- Editor's response. 1998;78:782–783.
- Letter to the editor. Prendergast SA. 1998;78:905.
- Letter to the editor. Magistro CM. 1998;78:1119.
- Letter to the editor. Sanders B. 1998;78:1232–1233.

Editor's note: Education at the crossroads: Which path for the DPT? Rothstein JM. 1998;78:454–457.

- Letter to the editor. Kuenstler K. 1998;78:780–781.
- Editor's response. 1998;78:781.
- Letter to the editor. Duquette TL. 1998;78:781–782.
- Letter to the editor. Prendergast SA. 1998;78:905.
- Letter to the editor. Sanders B. 1998;78:1232–1233.

The effect of professional education on the knowledge and attitudes of physical therapist and occupational therapist students about acquired immunodeficiency syndrome. Balogun JA, Kaplan MT, Miller TM. 1998;78:1073–1082.

Personal, interpersonal, and organizational influences on student satisfaction with clinical education. Stith JS, Butterfield WH, Strube MJ, et al. 1998;78:635–645.

Teaching Methods

Problem-based learning in physical therapy: a review of the literature and overview of the McMaster University experience. Saarinen-Rahiika H, Binkley JM. 1998;78:195–207.

- Invited commentary. Hayes SH. 1998;78:207–209.
- Author response. 1998;78:210–211.

Electromyography

Classification of paraspinal muscle impairments by surface electromyography. Roy SH, Oddsson LIE. 1998;78:838–851.

The effect of patellar taping on the onset of vastus medialis obliquus and vastus lateralis muscle activity in persons with patellofemoral pain. Gilleard W, McConnell J, Parsons D. 1998;78:25–32.

- Letter to the editor. Karst GM. 1998; 78:543–544, 546.
- Author response. 1998;78:546–547, 551.

Hip abductor muscle activity as subjects with hip prostheses walk with different methods of using a cane. Neumann DA. 1998;78:490–501.

The relationship between lumbar spine load and muscle activity during extensor exercises. Callaghan JP, Gunning JL, McGill SM. 1998;78:8–18.

- Letter to the editor. Saunders HD. 1998;78:783–784.
- Author response. 1998;78:784.
- Editor's response. 1998;78:785.
- Letter to the editor. Randall T. 1998;78:1117.
- Editor's response. 1998;78:1117.

Electrotherapy

Electrical Stimulation

Effects of electrical stimulation on edema formation in different strains of rats. Thornton RM, Mendel FC, Fish DR. 1998;78:386–394.

Equipment

General

Hip abductor muscle activity as subjects with hip prostheses walk with different methods of using a cane. Neumann DA. 1998;78:490–501.

An investigation of the reliability and validity of posteroanterior spinal stiffness judgments made using a reference-based protocol. Maher CG, Latimer J, Adams R. 1998;78:829–837.

Validity and reliability of measurements obtained with an "Activity Monitor" in people with and without a transtibial amputation. Bussmann HBJ, Reuvekamp PJ, Veltink PH, et al. 1998;78:989–998.

Exercise

General

Aerobic exercise for a patient with chronic multisystem impairments. Kinney LaPier TL, Sirotnak N, Alexander K. 1998;78:417–424.

The effect of exercises on walking distance of patients with intermittent claudication: a study of randomized clinical trials. Brandsma JW, Robeer BG, van den Heuvel S, et al. 1998;78:278–286.

- Invited commentary. Mueller MJ. 1998;78:286–288.
- Author response. 1998;78:288.
- Correction. 1998;78:547.

[Inspiratory muscle training in patients with chronic heart failure awaiting cardiac transplantation: results of a pilot clinical trial. Cahalin LP, Semigran MJ, Dec GW. 1997;77:830–838.]

- [Letter to the editor. Collins SM. 1997;77:1763.]
- [Author response. 1997;77:1764–1765.]
- Correction. 1998;78:220.

Low back exercises: evidence for improving exercise regimens. McGill SM. 1998;78:754–765.

The relationship between lumbar spine load and muscle activity during extensor exercises. Callaghan JP, Gunning JL, McGill SM. 1998;78:8–18.

- Letter to the editor. Saunders HD. 1998;78:783–784.
- Author response. 1998;78:784.
- Editor's response. 1998;78:785.
- Letter to the editor. Randall T. 1998;78:1117.
- Editor's response. 1998;78:1117.

Safety and feasibility of a health-related fitness test battery for adults. Suni JH, Miilunpalo SI, Asikainen T-M, et al. 1998;78:134–148.

F

Facial Paralysis

Validation of a treatment-based classification system for individuals with facial neuromotor disorders. VanSwearingen JM, Brach JS. 1998;78:678–689.

Foundation for Physical Therapy

Scholarships and Fellowships. 1998;78:1128–1129.

Functional Training and Activities

Motor Skills

Performance following ability-focused physical therapy intervention in individuals with severely limited physical and cognitive abilities. Brown DA, Effgen SK, Palisano RJ. 1998;78:934–947.

- Invited commentary. Shelden ML. 1998;78:948–949.
- Author response. 1998;78:949–950.

G

Geriatrics

The interrater reliability of force measurements using a modified sphygmomanometer in elderly subjects. Kaegi C, Thibault M-C, Giroux F, Bourbonnais D. 1998;78:1095–1103.

Knowledge and perception of fall-related risk factors and fall-reduction techniques among community-dwelling

elderly individuals. Braun BL. 1998;78:1261–1276.

An overview of the etiology, diagnosis, and treatment of Alzheimer disease. Forsyth E, Ritzline PD. 1998;78:1325–1331.

K

Kinesiology/Biomechanics

Gait Analysis

[A comparison of gait with solid, dynamic, and no ankle-foot orthoses in children with spastic cerebral palsy. Radtka SA, Skinner SR, Dixon DM, Johanson MF. 1997;77:395–409.]

- Letter to the editor. Carmick J, Sherwood A. 1998;78:220–222.
- Correction. Radtka SA. 1998;78:222–224.

Multivariate examination of data from gait analysis of persons with stroke. Olney SJ, Griffin MP, McBride ID. 1998;78:814–828.

Partial body weight support with treadmill locomotion to improve gait after incomplete spinal cord injury: a single-subject experimental design. Gardner MB, Holden MK, Leikauskas JM, Richard RL. 1998;78:361–374.

Variability in spatiotemporal gait characteristics over the course of the L-dopa cycle in people with advanced Parkinson disease. MacKay-Lyons M. 1998;78:1083–1094.

General

Age-related differences in movement patterns used by toddlers to rise from a supine position to erect stance. Marsala G, VanSant AF. 1998;78:149–159.

The effect of exercises on walking distance of patients with intermittent claudication: a study of randomized clinical trials. Brandsma JW, Robeer BG, van den Heuvel S, et al. 1998;78:278–286.

- Invited commentary. Mueller MJ. 1998;78:286–288.
- Author response. 1998;78:288.
- Correction. 1998;78:547.

Relationship between standing posture and stability. Danis CG, Krebs DE, Gill-Body KM, Sahrmann S. 1998;78:502–517.

Lower Extremity

The effect of foot structure on the three-dimensional kinematic coupling behavior of the leg and rear foot. Nawoczenski DA, Saltzman CL, Cook TM. 1998;78:406–416.

Trunk

Variations in posteroanterior stiffness in the thoracolumbar spine: preliminary observations and proposed mechanisms. Lee M, Steven GP, Crosbie J, Higgs RJED. 1998;78:1277–1287.

Upper Extremity

Accuracy of observational kinematic assessment of upper-limb movements. Bernhardt J, Bate PJ, Matyas TA. 1998;78:259–270.

L

Locomotion

Association between characteristics of locomotion and accomplishment of life habits in children with cerebral palsy. Lepage C, Noreau L, Bernard P-M. 1998;78:458–469.

Multivariate examination of data from gait analysis of persons with stroke. Olney SJ, Griffin MP, McBride ID. 1998;78:814–828.

Lower Extremity

Ankle and Foot

Acute Charcot's arthropathy of the foot and ankle. Armstrong DG, Lavery LA. 1998;78:74–80.

The effect of foot structure on the three-dimensional kinematic coupling behavior of the leg and rear foot. Nawoczenski DA, Saltzman CL, Cook TM. 1998;78:406–416.

Examination and management of a patient with tarsal coalition. Kelo MJ, Riddle DL. 1998;78:518–525.

General

[The effect of time and frequency of static stretching on flexibility of the hamstring muscle. Bandy WD, Irion JM, Briggler M. 1997;77:1090–1096.]

- Letter to the editor. Wentworth M, Wentworth A. 1998;78:321.
- Author response. 1998;78:321–322.

The relationship between duration of physical therapy services in the acute care setting and change in functional status in patients with lower-extremity orthopedic problems. Roach KE, Ally D, Finnerty B, et al. 1998;78:19–24.

- Letter to the editor. Kapasi S. 1998;78:783.
- Author response. 1998;78:783.

Treatment of leg edema and wounds in a patient with severe musculoskeletal injuries. Weiss JM. 1998;78:1104–1113.

Hip

Clinical reasoning in the evaluation and management of undiagnosed chronic hip pain in a young adult. Zimny NJ. 1998;78:63–73.

- Letter to the editor. Fagerson TL. 1998;78:436–437.
- Author response. 1998;78:438.

Knee

The effect of patellar taping on the onset of vastus medialis obliquus and vastus lateralis muscle activity in persons with patellofemoral pain. Gilleard W, McConnell J, Parsons D. 1998;78:25–32.

- Letter to the editor. Karst GM. 1998;78:543–544, 546.
- Author response. 1998;78:546–547, 551.

An examination of the selective tissue tension scheme, with evidence for the concept of a capsular pattern of the knee. Fritz JM, Delitto A, Erhard RE, Roman M. 1998;78:1046–1056.

- Invited commentary. Hayes KW. 1998;78:1057–1059.
- Author response. 1998;78:1060–1061.
- Correction. 1998;78:1339.

Physical impairments and functional limitations: a comparison of individuals 1 year after total knee arthroplasty with control subjects. Walsh M, Woodhouse LJ, Thomas SG, Finch E. 1998;78:248–258.

A survey of physical therapy goals and interventions for patients with back and knee pain. van Baar ME, Dekker J, Bosveld W. 1998;78:33–42.

M

Manual Therapy

Movement diagram and "end-feel" reliability when measuring passive lateral rotation of the shoulder in patients with shoulder pathology. Chesworth BM, MacDermid JC, Roth JH, Patterson SD. 1998;78:593–601.

Therapists' conceptualization and characterization of the clinical concept of spinal stiffness. Maher CG, Simmonds M, Adams R. 1998;78:289–300.

Medical Conditions

Acute Charcot's arthropathy of the foot and ankle. Armstrong DG, Lavery LA. 1998;78:74–80.

Motor Activity

Comparison of two outcome measures for infants with cerebral palsy and infants with motor delays. Kolobe THA, Palisano RJ, Stratford PW. 1998;78:1062–1072.

Investigation of the effects of a model of physical therapy on mother-child interactions and the motor behaviors of children with motor delay. Chiarello LA, Palisano RJ. 1998;78:180–194.

Validation of a treatment-based classification system for individuals with facial neurombtor disorders. VanSwearingen JM, Brach JS. 1998;78:678–689.

Variability in spatiotemporal gait characteristics over the course of the L-dopa cycle in people with advanced Parkinson disease. MacKay-Lyons M. 1998;78:1083–1094.

Motor Skills

The ecological relevance of the Test of Infant Motor Performance Elicited Scale items. Murney ME, Campbell SK. 1998;78:479–489.

Movement Science

Accuracy of observational kinematic assessment of upper-limb movements. Bernhardt J, Bate PJ, Matyas TA. 1998;78:259–270.

Age-related differences in movement patterns used by toddlers to rise from a supine position to erect stance. Marsala G, VanSant AF. 1998;78:149–159.

The effect of exercises on walking distance of patients with intermittent claudication: a study of randomized clinical trials. Brandsma JW, Robeer BG, van den Heuvel S, et al. 1998;78:278–286.

- Invited commentary. Mueller MJ. 1998;78:286–288.
- Author response. 1998;78:288.
- Correction. 1998;78:547.

Performance on clinical tests of balance in Parkinson's disease. Smithson F, Morris ME, Iansek R. 1998;78:577–592.

Variations in posteroanterior stiffness in the thoracolumbar spine: preliminary observations and proposed mechanisms. Lee M, Steven GP, Crosbie J, Higgs RJED. 1998;78:1277–1287.

Movement Skills

Description of movement patterns of young adults moving supine from the foot to the head of the bed. Cohen BG, Cardillo ER, Lugg D, et al. 1998;78:999–1006.

Validity and reliability of measurements obtained with an "Activity Monitor" in people with and without a transtibial amputation. Bussmann HBJ, Reuvekamp PJ, Veltink PH, et al. 1998;78:989–998.

Muscle

Determinants of paraspinal muscle cross-sectional area in male monozygotic twins. Gibbons LE, Videman T, Battié MC, Kaprio J. 1998;78:602–610.

- Invited commentary. Beattie PF. 1998;78:611–612.
- Author response. 1998;78:612.

Muscle Performance

Lower Extremity

The effect of patellar taping on the onset of vastus medialis obliquus and vastus lateralis muscle activity in persons with patellofemoral pain. Gilleard W, McConnell J, Parsons D. 1998;78:25–32.

- Letter to the editor. Karst GM. 1998; 78:543–544, 546.
- Author response. 1998;78:546–547, 551.

[The effect of time and frequency of static stretching on flexibility of the hamstring muscle. Bandy WD, Irion JM, Briggler M. 1997;77:1090–1096.]

- Letter to the editor. Wentworth M, Wentworth A. 1998;78:321.
- Author response. 1998;78:321–322.

Evaluation of reflex- and nonreflex-induced muscle resistance to stretch in adults with spinal cord injury using hand-held and isokinetic dynamometry. Lamontagne A, Malouin F, Richards CL, Dumas F. 1998;78:964–975.

- Invited commentary. Carvell GE. 1998;78:976–977.
- Author response. 1998;78:977–978.

Hip abductor muscle activity as subjects with hip prostheses walk with different methods of using a cane. Neumann DA. 1998;78:490–501.

Measurement

Classification of paraspinal muscle impairments by surface electromyography. Roy SH, Oddsson LIE. 1998;78:838–851.

The interrater reliability of force measurements using a modified sphygmomanometer in elderly subjects. Kaegi C, Thibault M-C, Giroux F, Bourbonnais D. 1998;78:1095–1103.

Trunk

The relationship between lumbar spine load and muscle activity during extensor exercises. Callaghan JP, Gunning JL, McGill SM. 1998;78:8–18.

- Letter to the editor. Saunders HD. 1998;78:783–784.
- Author response. 1998;78:784.
- Editor's response. 1998;78:785.
- Letter to the editor. Randall T. 1998;78:1117.
- Editor's response. 1998;78:1117.

Trunk muscle performance in early Parkinson's disease. Bridgewater KJ, Sharpe MH. 1998;78:566–576.

Upper Extremity

Reliability of clinical pressure-pain algometric measurements obtained on consecutive days. Nussbaum EL, Downes L. 1998;78:160–169.

N

Neck and Trunk

Back

Classification and low back pain: a review of the literature and critical analysis of selected systems. Riddle DL. 1998;78:708–737.

Classification of paraspinal muscle impairments by surface electromyography. Roy SH, Oddsson LIE. 1998;78:838–851.

Clinicians and researchers who treat and study patients with low back pain: Are you listening? Delitto A. 1998;78:705–707.

A critical review of functional capacity evaluations. King PM, Tuckwell N, Barrett TE. 1998;78:852–866.

Detecting sincerity of effort: a summary of methods and approaches. Lechner DE, Bradbury SF, Bradley LA. 1998;78:867–888.

Editor's note: The curse of low back pain. Rothstein JM. 1998;78:676–677.

Functional Abilities Confidence Scale: a clinical measure for injured workers with acute low back pain. Williams RM, Myers AM. 1998;78:624–634.

Low back exercises: evidence for improving exercise regimens. McGill SM. 1998;78:754–765.

Magnetic resonance imaging in low back pain: general principles and clinical issues. Beattie PF, Meyers SP. 1998;78:738–753.

A new approach to measuring recovery in injured workers with acute low back pain: Resumption of Activities of Daily

Living Scale. Williams RM, Myers AM. 1998;78:613–623.

Reliability of physical examination items used for classification of patients with low back pain. Van Dillen LR, Sahrmann SA, Norton BJ, et al. 1998;78:979–988.

Segmental instability of the lumbar spine. Fritz JM, Erhard RE, Hagen BF. 1998;78:889–896.

Sensitivity to change of the Roland-Morris Back Pain Questionnaire: part 1. Stratford PW, Binkley JM, Riddle DL, Guyatt GH. 1998;78:1186–1196.

Sensitivity to change of the Roland-Morris Back Pain Questionnaire: part 2. Riddle DL, Stratford PW, Binkley JM. 1998;78:1197–1207.

A survey of physical therapy goals and interventions for patients with back and knee pain. van Baar ME, Dekker J, Bosveld W. 1998;78:33–42.

Use of a classification approach to the treatment of 3 patients with low back syndrome. Fritz JM. 1998;78:766–777.

Use of generic versus region-specific functional status measures on patients with cervical spine disorders. Riddle DL, Stratford PW. 1998;78:951–963.

General

Trunk muscle performance in early Parkinson's disease. Bridgewater KJ, Sharpe MH. 1998;78:566–576.

Neuromuscular Disorders

General

Physical therapy for a patient through six stages of amyotrophic lateral sclerosis. Dal Bello-Haas V, Kloos AD, Mitsumoto H. 1998;78:1312–1323.

Parkinson Disease

Free-radical toxicity and antioxidant medications in Parkinson's disease. Ciccone CD. 1998;78:313–319.

Performance on clinical tests of balance in Parkinson's disease. Smithson F, Morris ME, Iansek R. 1998;78:577–592.

Trunk muscle performance in early Parkinson's disease. Bridgewater KJ, Sharpe MH. 1998;78:566–576.

Variability in spatiotemporal gait characteristics over the course of the L-dopa cycle in people with advanced Parkinson disease. MacKay-Lyons M. 1998;78:1083–1094.

Neurophysiology/Neuroanatomy

Validation of a treatment-based classification system for individuals with facial neuromotor disorders. VanSwearingen JM, Brach JS. 1998;78:678–689.

O

Occupational Therapy

The effect of professional education on the knowledge and attitudes of physical therapist and occupational therapist students about acquired immunodeficiency syndrome. Balogun JA, Kaplan MT, Miller TM. 1998;78:1073–1082.

Oncology

Effects of energy-matched pulsed and continuous ultrasound on tumor growth in mice. Sicard-Rosenbaum L, Danoff JV, Guthrie JA, Eckhaus MA. 1998;78:271–277.

Physical therapist management of lymphedema following treatment for breast cancer: a critical review of its effectiveness. Megens A, Harris SR. 1998;78:1302–1311.

Orthopedics

General

The relationship between duration of physical therapy services in the acute care setting and change in functional status in patients with lower-extremity orthopedic problems. Roach KE, Ally D, Finnerty B, et al. 1998;78:19–24.

- Letter to the editor. Kapasi S. 1998;78:783.
- Author response. 1998;78:783.

Reliability of phase-velocity measurements of tibial bone. de Bruin ED, Rozendal RH, Stüssi E. 1998;78:1166–1174.

Orthoses/Splints/Casts

General

[A comparison of gait with solid, dynamic, and no ankle-foot orthoses in children with spastic cerebral palsy. Radtka SA, Skinner SR, Dixon DM, Johanson MF. 1997;77:395–409.]

- Letter to the editor. Carmick J, Sherwood A. 1998;78:220–222.
- Correction. Radtka SA. 1998;78:222–224.

Lower Extremity

Hip abductor muscle activity as subjects with hip prostheses walk with different methods of using a cane. Neumann DA. 1998;78:490–501.

P

Pain

Classification and low back pain: a review of the literature and critical analysis of selected systems. Riddle DL. 1998;78:708–737.

Classification of paraspinal muscle impairments by surface electromyography. Roy SH, Oddsson LIE. 1998;78:838–851.

Clinical reasoning in the evaluation and management of undiagnosed chronic hip pain in a young adult. Zimny NJ. 1998;78:63–73.

- Letter to the editor. Fagerson TL. 1998;78:436–437.
- Author response. 1998;78:438.

Clinicians and researchers who treat and study patients with low back pain: Are you listening? Delitto A. 1998;78:705–707.

A critical review of functional capacity evaluations. King PM, Tuckwell N, Barrett TE. 1998;78:852–866.

Detecting sincerity of effort: a summary of methods and approaches. Lechner DE, Bradbury SF, Bradley LA. 1998;78:867–888.

Editor's note: The curse of low back pain. Rothstein JM. 1998;78:676–677.

The effect of patellar taping on the onset of vastus medialis obliquus and vastus lateralis muscle activity in persons with patellofemoral pain. Gilleard W, McConnell J, Parsons D. 1998;78:25–32.

- Letter to the editor. Karst GM. 1998; 78:543–544, 546.
- Author response. 1998;78:546–547, 551.

Functional Abilities Confidence Scale: a clinical measure for injured workers with acute low back pain. Williams RM, Myers AM. 1998;78:624–634.

Low back exercises: evidence for improving exercise regimens. McGill SM. 1998;78:754–765.

Magnetic resonance imaging in low back pain: general principles and clinical issues. Beattie PF, Meyers SP. 1998;78:738–753.

A new approach to measuring recovery in injured workers with acute low back pain: Resumption of Activities of Daily Living Scale. Williams RM, Myers AM. 1998;78:613–623.

Reliability of clinical pressure-pain algometric measurements obtained on

consecutive days. Nussbaum EL, Downes L. 1998;78:160–169.

Reliability of physical examination items used for classification of patients with low back pain. Van Dillen LR, Sahrmann SA, Norton BJ, et al. 1998;78:979–988.

Segmental instability of the lumbar spine. Fritz JM, Erhard RE, Hagen BF. 1998;78:889–896.

Sensitivity to change of the Roland-Morris Back Pain Questionnaire: part 1. Stratford PW, Binkley JM, Riddle DL, Guyatt GH. 1998;78:1186–1196.

Sensitivity to change of the Roland-Morris Back Pain Questionnaire: part 2. Riddle DL, Stratford PW, Binkley JM. 1998;78:1197–1207.

A survey of physical therapy goals and interventions for patients with back and knee pain. van Baar ME, Dekker J, Bosveld W. 1998;78:33–42.

Use of a classification approach to the treatment of 3 patients with low back syndrome. Fritz JM. 1998;78:76€–777.

Parkinson Disease

Free-radical toxicity and antioxidant medications in Parkinson's disease. Ciccone CD. 1998;78:313–319.

Performance on clinical tests of balance in Parkinson's disease. Smithson F, Morris ME, Iansek R. 1998;78:577–592.

Trunk muscle performance in early Parkinson's disease. Bridgewater KJ, Sharpe MH. 1998;78:566–576.

Variability in spatiotemporal gait characteristics over the course of the L-dopa cycle in people with advanced Parkinson disease. MacKay-Lyons M. 1998;78:1083–1094.

Pediatrics

Development

Comparison of two outcome measures for infants with cerebral palsy and infants with motor delays. Kolobe THA, Palisano RJ, Stratford PW. 1998;78:1062–1072.

Equipment

[A comparison of gait with solid, dynamic, and no ankle-foot orthoses in children with spastic cerebral palsy. Radtka SA, Skinner SR, Dixon DM, Johanson MF. 1997;77:395–409.]

- Letter to the editor. Carmick J, Sherwood A. 1998;78:220–222.
- Correction. Radtka SA. 1998;78:222–224.

Evaluation

The ecological relevance of the Test of Infant Motor Performance Elicited Scale items. Murney ME, Campbell SK. 1998;78:479–489.

Investigation of the effects of a model of physical therapy on mother-child interactions and the motor behaviors of children with motor delay. Chiarello LA, Palisano RJ. 1998;78:180–194.

General

Association between characteristics of locomotion and accomplishment of life habits in children with cerebral palsy. Lepage C, Noreau L, Bernard P-M. 1998;78:458–469.

Motor Development

Age-related differences in movement patterns used by toddlers to rise from a supine position to erect stance. Marsala G, VanSant AF. 1998;78:149–159.

Pharmacology

Free-radical toxicity and antioxidant medications in Parkinson's disease. Ciccone CD. 1998;78:313–319.

Povidone-iodine solution in wound treatment. Burks RI. 1998;78:212–218.

Physical Therapy Profession

Patient Services

Home health physical therapy: practice patterns in western New York. Collins J, Beissner KL, Krout JA. 1998;78:170–179.

Professional Issues

Editor's note: Education at the crossroads: for today's practice, the DPT. Rothstein JM. 1998;78:358–360.

- Letter to the editor. Kuenstler K. 1998;78:780–781.
- Editor's response. 1998;78:781.
- Letter to the editor. Duquette TL. 1998;78:781–782.
- Letter to the editor. Magistro CM. 1998;78:782.
- Editor's response. 1998;78:782–783.
- Letter to the editor. Prendergast SA. 1998;78:905.
- Letter to the editor. Magistro CM. 1998;78:1119.
- Letter to the editor. Sanders B. 1998;78:1232–1233.

Editor's note: Education at the crossroads: Which path for the DPT? Rothstein JM. 1998;78:454–457.

- Letter to the editor. Kuenstler K. 1998;78:780–781.
- Editor's response. 1998;78:781.
- Letter to the editor. Duquette TL. 1998;78:781–782.
- Letter to the editor. Prendergast SA. 1998;78:905.
- Letter to the editor. Sanders B. 1998;78:1232–1233.

Gender and physical therapy career success factors. Rozier CK, Raymond MJ, Goldstein MS, Hamilton BL. 1998;78:690–704.

Gender-based income differences for physical therapist managers. Rozier CK, Hamilton BL, Hersh-Cochran MS. 1998;78:43–51.

Letter to the editor. [RE: Program accreditation.] Sullivan B. 1998;78:1339.

Letter to the editor. [RE: Science or fiction?] Gilliam J. 1998;78:904–905.

Letter to the editor. [RE: Standing at a crossroad.] Bankson D. 1998;78:1233.

Physical therapists' opinions and practices regarding direct access. Crout KL, Hodgkins Tweedie J, Miller DJ. 1998;78:52–61.

A statisical profile of physical therapists, 1980 and 1990. Chevan J, Chevan A. 1998;78:301–312.

Posture

General

The relationship between head and neck posture and VDT screen height in keyboard operators. Kietrys DM, McClure PW, Fitzgerald GK. 1998;78:395–403.

Tests and Measurements

Performance on clinical tests of balance in Parkinson's disease. Smithson F, Morris ME, Iansek R. 1998;78:577–592.

Relationship between standing posture and stability. Danis CG, Krebs DE, Gill-Body KM, Sahrmann S. 1998;78:502–517.

Pulmonary

Breathing Exercises

[Inspiratory muscle training in patients with chronic heart failure awaiting cardiac transplantation: results of a pilot clinical trial. Cahalin LP, Semigran MJ, Dec GW. 1997;77:830–838.]

- [Letter to the editor. Collins SM. 1997;77:1763.]
- [Author response. 1997;77:1764–1765.]
- Correction. 1998;78:220.

R

Rehabilitation

Functional Abilities Confidence Scale: a clinical measure for injured workers with acute low back pain. Williams RM, Myers AM. 1998;78:624–634.

A new approach to measuring recovery in injured workers with acute low back pain: Resumption of Activities of Daily Living Scale. Williams RM, Myers AM. 1998;78:613–623.

The relationship between lumbar spine load and muscle activity during extensor exercises. Callaghan JP, Gunning JL, McGill SM. 1998;78:8–18.

- Letter to the editor. Saunders HD. 1998;78:783–784.
- Author response. 1998;78:784.
- Editor's response. 1998;78:785.
- Letter to the editor. Randall T. 1998;78:1117.
- Editor's response. 1998;78:1117.

Use of a classification approach to the treatment of 3 patients with low back syndrome. Fritz JM. 1998;78:766–777.

Validation of a treatment-based classification system for individuals with facial neuromotor disorders. VanSwearingen JM, Brach JS. 1998;78:678–689.

Research

Editor's note: Individual differences, variability, and student research. Rothstein JM. 1998;78:564–565.

- Letter to the editor. Hughes C. 1998;78:905.

S

Spinal Cord Dysfunction

General

Evaluation of reflex- and nonreflex-induced muscle resistance to stretch in adults with spinal cord injury using hand-held and isokinetic dynamometry. Lamontagne A, Malouin F, Richards CL, Dumas F. 1998;78:964–975.

- Invited commentary. Carvell GE. 1998;78:976–977.
- Author response. 1998;78:977–978.

Reliability of phase-velocity measurements of tibial bone. de Bruin ED, Rozendal RH, Stüssi E. 1998;78:1166–1174.

Spinal Cord Injury

Partial body weight support with treadmill locomotion to improve gait after incomplete spinal cord injury: a single-subject experimental design. Gardner MB, Holden MK, Leikauskas JM, Richard RL. 1998;78:361–374.

Reliability of measurements obtained with a modified Functional Reach Test in subjects with spinal cord injury. Lynch SM, Leahy P, Barker SP. 1998;78:128–133.

T

Tests and Measurements

Functional

A critical review of functional capacity evaluations. King PM, Tuckwell N, Barrett TE. 1998;78:852–866.

The ecological relevance of the Test of Infant Motor Performance Elicited Scale items. Murney ME, Campbell SK. 1998;78:479–489.

Evaluation of reflex- and nonreflex-induced muscle resistance to stretch in adults with spinal cord injury using hand-held and isokinetic dynamometry. Lamontagne A, Malouin F, Richards CL, Dumas F. 1998;78:964–975.

- Invited commentary. Carvell GE. 1998;78:976–977.
- Author response. 1998;78:977–978.

Functional Abilities Confidence Scale: a clinical measure for injured workers with acute low back pain. Williams RM, Myers AM. 1998;78:624–634.

A new approach to measuring recovery in injured workers with acute low back pain: Resumption of Activities of Daily Living Scale. Williams RM, Myers AM. 1998;78:613–623.

The relationship between duration of physical therapy services in the acute care setting and change in functional status in patients with lower-extremity orthopedic problems. Roach KE, Ally D, Finnerty B, et al. 1998;78:19–24.

- Letter to the editor. Kapasi S. 1998;78:783.
- Author response. 1998;78:783.

Relationship between standing posture and stability. Danis CG, Krebs DE, Gill-Body KM, Sahrmann S. 1998;78:502–517.

Reliability of measurements obtained with a modified Functional Reach Test in subjects with spinal cord injury. Lynch SM, Leahy P, Barker SP. 1998;78:128–133.

Sensitivity to change of the Roland-Morris Back Pain Questionnaire: part 1. Stratford PW, Binkley JM, Riddle DL, Guyatt GH. 1998;78:1186–1196.

Sensitivity to change of the Roland-Morris Back Pain Questionnaire: part 2. Riddle DL, Stratford PW, Binkley JM. 1998;78:1197–1207.

Use of generic versus region-specific functional status measures on patients with cervical spine disorders. Riddle DL, Stratford PW. 1998;78:951–963.

General

Comparison of two outcome measures for infants with cerebral palsy and infants with motor delays. Kolobe THA, Palisano RJ, Stratford PW. 1998;78:1062–1072.

An investigation of the reliability and validity of posteroanterior spinal stiffness judgments made using a reference-based protocol. Maher CG, Latimer J, Adams R. 1998;78:829–837.

[Learning and understanding the Kruskal-Wallis one-way analysis-of-variance-by-ranks test for differences among three or more independent groups. Chan Y, Walmsley RP. 1997;77:1755–1762.]

- Letter to the editor. Panus PC. 1998;78:322.
- Author response. 1998;78:322.

Letter to the editor. [RE: An alternative way to display SF-36 results for individual patients.] Steiner WA, Fransen J, Stucki G, Aeschlimann A. 1998;78:1118–1119.

Reliability of phase-velocity measurements of tibial bone. de Bruin ED, Rozendal RH, Stüssi E. 1998;78:1166–1174.

Safety and feasibility of a health-related fitness test battery for adults. Suni JH, Miilunpalo SI, Asikainen T-M, et al. 1998;78:134–148.

Simultaneous palpation of the craniosacral rate at the head and feet: intrarater and interrater reliability and rate comparisons. Rogers JS, Witt PL, Gross MT, et al. 1998;78:1175–1185.

Validity and reliability of measurements obtained with an "Activity Monitor" in people with and without a transtibial amputation. Bussmann HBJ, Reuvekamp PJ, Veltink PH, et al. 1998;78:989–998.

Range of Motion

An examination of the selective tissue tension scheme, with evidence for the concept of a capsular pattern of the knee. Fritz JM, Delitto A, Erhard RE, Roman M. 1998;78:1046–1056.

- Invited commentary. Hayes KW. 1998;78:1057–1059.
- Author response. 1998;78:1060–1061.
- Correction. 1998;78:1339.

U

Ultrasound

Effects of energy-matched pulsed and continuous ultrasound on tumor growth in mice. Sicard-Rosenbaum L, Danoff JV, Guthrie JA, Eckhaus MA. 1998;78:271–277.

The use of therapeutic ultrasound by physical therapists in Dutch primary health care. Roebroeck ME, Dekker J, Oostendorp RAB. 1998;78:470–478.

Upper Extremity

General

Accuracy of observational kinematic assessment of upper-limb movements. Bernhardt J, Bate PJ, Matyas TA. 1998;78:259–270.

Shoulder

Movement diagram and "end-feel" reliability when measuring passive lateral rotation of the shoulder in patients with shoulder pathology. Chesworth BM, MacDermid JC, Roth JH, Patterson SD. 1998;78:593–601.

V

Vascular Disease

Multivariate examination of data from gait analysis of persons with stroke. Olney SJ, Griffin MP, McBride ID. 1998;78:814–828.

W

Wound Care

Povidone-iodine solution in wound treatment. Burks RI. 1998;78:212–218.

The APTA Touch

Information for you when you need it

As a member of the American Physical Therapy Association, Francine Anderson, MS, PT, has valuable information available to her around the clock.

Free resources include:

- Access to APTA's Web site via the Internet,
- Online book review service and bookstore,
- Experts on staff to assist,
- Valuable information via our 24-hour Fax-on-Demand service,
- *PT Magazine*,
- *Physical Therapy*,
- *PT Bulletin*,
- Continuing education,
- Archival resources,
- Chapter, Section, and Assembly events,
- And much more!

Get in touch with us today!

For a free APTA Catalog or to find out about the benefits of belonging to APTA, contact our Service Center at **800/999-APTA, ext 3395**, or **svcctr@apta.org** via the Internet.
